

## Exploring Plainfield's History through Hidden Landmarks

Join Dario Coletta, Plainfield's own landscape historian, on Sunday, November 24, in visiting some of Plainfield's little-known historical sites, including its animal pound, cemeteries, and a 19th-century stone cave used for tanning hides. We'll meet behind the Plainfield Congregational Church at 1:00 p.m. Dress appropriately for a short hike and cold weather. A donation of \$15 for adults and \$5 for students for the Historical Society would be appreciated.
